

COMPANY PROFILE

Pellegrino Stone Care is a family company with a long history of stone care expertise that spans three generations

The passion for stone care is in the family bloodlines. Lenny's grandfather, Leonardo, came to the United States in the 1950s, bringing with him an Italian heritage celebrated for expertise in the stone industry. Passing his knowledge onto his son Tony, who in turned, passed it on to his son, Lenny, who took that training and passion to found Pellegrino Stone Care, more than 25 years ago. Since then have worked on over 7 million sq ft of stone surfaces.

Pellegrino Stone Care remains today the most trusted and referred stone and hard surface care company in San Diego, with a long serving reliable team of skilled stone technicians (see overleaf).

Our knowledge and expertise extends far beyond San Diego

Owner Lenny Pellegrino (pictured bottom right) took his stone care passion and experience to create Granite Gold, a line of natural stone and tile care products, which is available in over 10,000 retailers nationwide.
